General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

What's New

- The tax liability limit is no longer figured on this form; instead, it must be figured on Form 3800, General Business Credit.
- Taxpayers that are not partnerships, S corporations, estates, or trusts, and whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on line 1e of Form 3800.
- The IRS will revise this December 2006 version of the form only when necessary. Continue to use this version for tax years beginning after 2005 until a new revision is issued.

Purpose of Form

Use Form 8586 to claim the low-income housing credit. This general business credit is allowed for each new qualified low-income building placed in service after 1986. Generally, it is taken over a 10-year credit period.

Qualified Low-Income Housing Project

The credit cannot exceed the amount allocated to the building. See section 42(h)(1) for details.

The low-income housing credit can only be claimed for residential rental buildings in low-income housing projects that meet one of the minimum set-aside tests. For details, see the instructions for Form 8609, Part II, line 10c.

Except for buildings financed with certain tax-exempt bonds, you may not take a low-income housing credit on a building if it has not received an allocation from the housing credit agency. No allocation is needed when 50% or more of the aggregate basis of the building and the land on which the building is located is financed with certain tax-exempt bonds issued after 1989 for buildings placed in service after 1989. The owner still must get a Form 8609 from the appropriate housing credit agency (with the applicable items completed, including an assigned BIN). "Land on which the building is located" includes only land that is functionally related and subordinate to the qualified low-income building (see Regulations sections 1.103-8(a)(3) and 1.103-8(b)(4)(iii)).

Recapture of Credit

There is a 15-year compliance period during which the residential rental building must continue to meet certain requirements. If, as of the close of any tax year in this period, there is a reduction in the qualified basis of the building from the previous year, you may have to recapture a part of the credit you have taken. Similarly, you may have to recapture part of the credits taken in previous years upon certain dispositions of the building or interests therein. If you must recapture credits, use Form 8611, Recapture of Low-Income Housing Credit. See section 42(j) for details.

Recordkeeping

Keep a copy of this Form 8586 together with all Forms 8609, Schedules A (Form 8609) (and successor Forms 8609-A), and Forms 8611 for 3 years after the 15-year compliance period ends.

Specific Instructions

Line 2. A decrease in qualified basis will result in recapture if the qualified basis at the close of the tax year is less than the qualified basis at the close of the first year of the credit period.

If the reduction in qualified basis at the close of the tax year also results in a violation of the minimum set-aside requirement, then no credit is allowable for the year.

Line 3. The credit for the year is figured on Form 8609-A for each building. Attach a copy of each Form 8609-A you completed for the tax year to Form 8586. Enter on line 3 the total credit from attached Form(s) 8609-A.

Line 6. Allocate the amount on line 5 between the estate and trust and the beneficiaries in proportion to the income allocable to each. On line 6, enter the beneficiaries allocated amount.

Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. You are required to give us the information. We need it to ensure that you are complying with these laws and to allow us to figure and collect the right amount of tax.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by section 6103.

The time needed to complete and file this form will vary depending on individual circumstances. The estimated burden for individual taxpayers filing this form is approved under OMB control number 1545-0074 and is included in the estimates shown in the instructions for their individual income tax return. The estimated burden for all other taxpayers who file this form is: **Recordkeeping**, 5 hr., 44 min.; **Learning about the law or the form**, 1 hr., 37 min.; **Preparing the form**, 3 hr., 39 min.; **Copying, assembling, and sending the form to the IRS**, 32 min.

General Instructions

Section references are to the Internal Revenue Code.

Purpose of Form

Use this form if you must recapture part of the low-income housing credit you claimed in previous years because:

- The qualified basis of a building decreased from one year to the next. The decrease may result from a change in the eligible basis, or the building no longer meets the minimum set-aside requirements of section 42(g)(1), the gross rent requirement of section 42(g)(2), or the other requirements for the units which are set aside.
- You disposed of the building or an ownership interest in it, and you did not post a satisfactory bond or pledge eligible U.S. Treasury securities as collateral. For details on how to avoid recapture on a building disposition, see section 42(j)(6); Form 8693, Low-Income Housing Credit Disposition Bond; and Rev. Proc. 99-11, 1999-2 I.R.B. 14.

Note. If the decrease in qualified basis is because of a change in the amount for which you are financially at risk on the building, then you must first recalculate the amount of credit taken in prior years under section 42(k) before you calculate the recapture amount on this form.

To complete this form you will need copies of the following forms that you have filed:

- Form 8586, Low-Income Housing Credit (and Form 3800, General Business Credit, if applicable);

- Form 8609, Low-Income Housing Credit Allocation and Certification (or predecessor, Form 8609, Low-Income Housing Credit Allocation Certification);
- Form 8609-A, Annual Statement for Low-Income Housing Credit (or predecessor, Schedule A (Form 8609), Annual Statement); and
- Form 8611.

Note. Flow-through entities must give partners, shareholders, and beneficiaries the information that is reported in items C, D, E, and F of Form 8611.

Recapture does not apply if:

- You disposed of the building or an ownership interest in it and you posted a satisfactory bond or pledged eligible U.S. Treasury securities as collateral (for details, see section 42(j)(6), Form 8693, and Rev. Proc. 99-11);
- You disposed of not more than 33 $\frac{1}{3}$ % in the aggregate of your ownership interest in a building that you held through a partnership, or you disposed of an ownership interest in a building that you held through a partnership to which section 42(j)(5) applies or through an electing large partnership;
- The decrease in qualified basis does not exceed the additions to qualified basis for which credits were allowable in years after the year the building was placed in service;
- You correct a noncompliance event within a reasonable period after it is discovered or should have been discovered;
- The qualified basis is reduced because of a casualty loss, provided the property is restored or replaced within a reasonable period.

Recordkeeping

In order to verify changes in qualified basis from year to year, keep a copy of all Forms 8586, 8609, 8609-A (or predecessor, Schedule A (Form 8609)), 8611, and 8693 for 3 years after the 15-year compliance period ends.

Specific Instructions

Note. If recapture is passed through from a flow-through entity (partnership, S corporation, estate, or trust), skip lines 1-7 and go to line 8.

Item F. If the building is financed with tax-exempt bonds, furnish the following information: (1) name of the entity that issued the bond (not the name of the entity receiving the benefit of the financing); (2) date of issue, generally the first date there is a physical exchange of the bonds for the purchase price; (3) name of the issue, or if not named, other identification of the issue; and (4) CUSIP number of the bond with the latest maturity date. If the issue does not have a CUSIP number, enter "None."

Line 1. Enter the total credits claimed on the building for all prior years from all Forms 8586 (before reduction due to the tax liability limit) you have filed. Prior to the December 2006 revision of Form 8586, the credits (before reduction due to the tax liability limit) were reported in Part I. Do not include credits taken by a previous owner.

Line 2. Determine the amount to enter on this line by completing a separate Line 2 Worksheet (below) for each prior year for which line 7 of Form 8609-A (or predecessor, Schedule A (Form 8609)) was completed.

Line 2 Worksheet (*Line reference is to Form 8609-A (or predecessor, Schedule A (Form 8609).)

a Enter the amount from line 10*	a	
b Multiply a by 2	b	
c Enter the amount from line 11*	c	
d Subtract c from b	d	
e Enter decimal amount figured in step 1 of the instructions for line 14*. If line 14* does not apply to you, enter -0-	e	
f Multiply d by e	f	
g Subtract f from d	g	
h Divide line 16* by line 15*. Enter the result here	h	
i Multiply g by h . Enter this amount on line 2. (If more than one worksheet is completed, add the amounts on i from all worksheets and enter the total on line 2.)	i	

Line 4. Enter the credit recapture percentage, expressed as a decimal carried to at least 3 places, from the table below:

IF the recapture event occurs in . . .	THEN enter on line 4 . . .
Years 2 through 11333
Year 12267
Year 13200
Year 14133
Year 15067

Line 6. Enter the percentage decrease in qualified basis during the current year.

For this purpose, figure qualified basis without regard to any additions to qualified basis after the first year of the credit period. Compare any decrease in qualified basis first to additions to qualified basis. Recapture applies only if the decrease in qualified basis exceeds additions to qualified basis after the first year of the credit period.

If you disposed of the building or an ownership interest in it and did not post a bond, you must recapture all of the accelerated portion shown on line 5. Enter 1.000 on line 6.

Note. If the decrease causes the qualified basis to fall below the minimum set-aside requirements of section 42(g)(1) (the 20-50 test or the 40-60 test), then 100% of the amount shown on line 5 must be recaptured. Enter 1.000 on line 6. If you elected the 40-60 test for this building and the decrease causes you to fall below 40%, you cannot switch to the 20-50 test to meet the set-aside requirements. You must recapture the entire amount shown on line 5.

Line 7. If there was a prior recapture of accelerated credits on the building, do not recapture that amount again as the result of the current reduction in qualified basis. The following example demonstrates how to incorporate into the current (Year 4) recapture the first year (Year 1) accelerated portion as a result of a prior year (Year 2) recapture event.

Line 9. Compute the unused portion of the accelerated amount on line 7 by:

- Step 1. Totaling the credits attributable to the building that you could not use in prior years.*
- Step 2. Reducing the result of step 1 by any unused credits attributable to additions to qualified basis.
- Step 3. Multiplying the result of step 2 by the decimal amount on line 4.
- Step 4. Multiplying the result of step 3 by the decimal amount on line 6.
- Step 5. Enter the result of step 4 on line 9.

*Generally, this is the amount of credit reported on line 1 of this Form 8611 reduced by the total low-income housing credits allowed on Form 8586 or Form 3800 for each year.

Special rule for electing large partnerships. Enter zero on line 9. An electing large partnership is treated as having fully used all prior year credits.

Line 11. Compute the interest separately for each prior tax year for which a credit is being recaptured. Interest must be computed at the overpayment rate determined under section 6621(a)(1) and compounded on a daily basis from the due date (not including extensions) of the return for the prior year until the earlier of (a) the due date (not including extensions) of the return for the recapture year, or (b) the date the return for the recapture year is filed and any income tax due for that year has been fully paid.

Tables of interest factors to compute daily compound interest were published in Rev. Proc. 95-17, 1995-1 C.B. 556. The interest rate in effect through March 31, 2008, is shown in Rev. Rul. 2007-68, 2007-52 I.R.B. 1236. For periods after March 31, 2008, use the overpayment rate under section 6621(a)(1) in the revenue rulings published quarterly in the Internal Revenue Bulletin.

Note. If the line 8 recapture amount is from a section 42(j)(5) partnership, the partnership will figure the interest and include it in the recapture amount reported to you. Enter “-0-” on line 11 and write “Section 42(j)(5)” to the left of the entry space for line 11.

Line 13. Subtract the amount on line 9 from the total of all prior year unused credits attributable to the building (Step 1 of the line 9 instruction above). Enter the result on line 13.

Line 14.

For information on how to report the recapture tax on...	See the instructions for the...
Form 1040	“Total tax” line in the Instructions for Form 1040
Form 1120	“Other taxes” line in the Instructions for Form 1120

Special rule for electing large partnerships. Subtract the credit shown on Form 8586 from the total of the line 14 amounts from all Forms 8611. Enter the result (but not less than zero) on Form 1065-B, Part I, line 26.

Note. You must also reduce the current year low-income housing credit, before entering it on Schedules K and K-1, by the amount of the reduction to the total of the recapture amounts.

Line 15. Carry forward the low-income housing credit attributable to this building to the next tax year. Report any carryforward on the carryforward line of the Form 3800 for the next tax year. See the instructions for Form 3800 for details on how to report the carryforward of unused credits.

Lines 16 and 17. Only section 42(j)(5) partnerships complete these lines. This is a partnership (other than an electing large partnership) that has at least 35 partners, unless the partnership elects (or has previously elected) not to be treated as a section 42(j)(5) partnership. For purposes of this definition, a husband and wife are treated as one partner.

Line 7—Example. \$2,700 of accelerated portion of low-income housing credit spread over a 10-year period and not falling below the minimum set-asides for the building. Also, there was a 20% reduction in qualified basis in Year 2 and 30% in Year 4.				
	Year 1	Year 2	Year 3	Year 4*
Low-income housing credit	\$270	\$216 (\$270 × .8 (20% reduction in qualified basis))	\$270	\$189 (\$270 × .7 (30% reduction in qualified basis))
Recapture of Year 1 low-income housing credit		\$18 (\$270 × .333 × .2 (20% reduction in qualified basis))		\$9 (\$27 (\$270 × .333 × .3 (30% reduction in qualified basis) minus \$18 Year 2 recapture))

* You will have to complete the rest of the form to figure the recapture as the result of the current year reduction in basis as it affects the Year 2 and Year 3 credit.

For purposes of determining the credit recapture amount, a section 42(j)(5) partnership is treated as the taxpayer to which the low-income housing credit was allowed and as if the amount of credit allowed was the entire amount allowable under section 42(a).

See the instructions for line 11 to figure the interest on line 16. The partnership must attach Form 8611 to its Form 1065 and allocate this amount to each partner on Schedule K-1 (Form 1065) in the same manner as the partnership's taxable income is allocated to each partner.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

Housing credit agencies use Form 8823 to fulfill their responsibility under section 42(m)(1)(B)(iii) to notify the IRS of noncompliance with the low-income housing tax credit provisions **or** any building disposition.

The housing credit agency should also give a copy of Form 8823 to the owner(s).

Who Must File

Any authorized housing credit agency that becomes aware that a low-income housing building was disposed of or is not in compliance with the provisions of section 42 must file Form 8823.

When To File

File Form 8823 no later than 45 days after **(a)** the building was disposed of or **(b)** the end of the time allowed the building owner to correct the condition(s) that caused noncompliance. For details, see Regulations section 1.42-5(e).

Where To File

File Form 8823 with the:
Internal Revenue Service
P.O. Box 331
Attn: LIHC Unit, DP 607 South
Philadelphia Campus
Bensalem, PA 19020

Specific Instructions

Amended return. If you are filing an amended return to correct previously reported information, check the box at the top of page 1.

Item 2. Enter the building identification number (BIN) assigned to the building by the housing credit agency as shown on Form 8609.

Items 3, 4, 13b, and 13d. If there is more than one owner (other than as a member of a pass-through entity), attach a schedule listing the owners, their addresses, and their taxpayer identification numbers. Indicate whether each owner's taxpayer identification number is an employer identification number (EIN) or a social security number (SSN).

Both the EIN and the SSN have nine digits. An EIN has two digits, a hyphen, and seven digits. An SSN has three digits, a hyphen, two digits, a hyphen, and four digits and is issued only to individuals.

Item 7d. "Reviewed by agency" includes physical inspection of the property, tenant file inspection, or review of documentation submitted by the owner.

Item 8. Enter the date that the building ceased to comply with the low-income housing credit provisions. If there are multiple noncompliance issues, enter the

date for the earliest discovered issue. **Do not** complete item 8 for a building disposition. Instead, skip items 9 through 12, and complete item 13.

Item 9. Enter the date that the noncompliance issue was corrected. If there are multiple issues, enter the date the last correction was made.

Item 10. Do not check this box unless the sole reason for filing the form is to indicate that previously reported noncompliance problems have been corrected.

Item 11c. Housing credit agencies must use either **(a)** the local health, safety, and building codes (or other habitability standards) or **(b)** the Uniform Physical Conditions Standards (UPCS) (24 C.F.R. section 5.703) to inspect the project, but not in combination. The UPCS does not supersede or preempt local codes. Thus, if a housing credit agency using the UPCS becomes aware of any violation of local codes, the agency must report the violation. Attach a statement describing either **(a)** the deficiency and its severity under the UPCS, i.e., minor (level 1), major (level 2), and severe (level 3) or **(b)** the health, safety, or building violation under the local codes. The Department of Housing and Urban Development's Real Estate Assessment Center has developed a comprehensive description of the types and severities of deficiencies entitled "Dictionary of Deficiency Definitions" found at www.hud.gov/reac under Library Section, Physical Inspections, Training Materials. Under Regulations section 1.42-5(e)(3), report all deficiencies to the IRS whether or not the noncompliance or failure to certify is corrected at the time of inspection. In using the UPCS inspection standards, report all deficiencies in the five major inspectable areas (defined below) of the project: (1) Site; (2) Building exterior; (3) Building systems; (4) Dwelling units; and (5) Common areas.

1. Site. The site components, such as fencing and retaining walls, grounds, lighting, mailboxes, signs (such as those identifying the project or areas of the project), parking lots/driveways, play areas and equipment, refuse disposal equipment, roads, storm drainage, and walkways, must be free of health and safety hazards and be in good repair. The site must not be subject to material adverse conditions, such as abandoned vehicles, dangerous walkways or steps, poor drainage, septic tank back-ups, sewer hazards, excess accumulation of garbage and debris, vermin or rodent infestation, or fire hazards.

2. Building exterior. Each building on the site must be structurally sound, secure, habitable, and in good repair. Each building's doors, fire escapes, foundations, lighting, roofs, walls, and windows, where applicable, must be free of health and safety hazards, operable, and in good repair.

3. Building systems. Each building's domestic water, electrical system, elevators, emergency power, fire protection, HVAC, and sanitary system must be free of health and safety hazards, functionally adequate, operable, and in good repair.

4. Dwelling units. Each dwelling unit within a building must be structurally sound, habitable, and in good repair. All areas and aspects of the dwelling unit (for example, the unit's bathroom, call-for-aid (if applicable), ceilings, doors, electrical systems, floors, hot water heater, HVAC (where individual units are provided), kitchen, lighting, outlets/switches, patio/porch/balcony, smoke detectors, stairs, walls, and windows) must be free of health and safety hazards, functionally adequate, operable, and in good repair. Where applicable, the dwelling unit must have hot and cold running water, including an adequate source of potable water (note: single room occupancy units need not contain water facilities). If the dwelling unit includes its own bathroom, it must be in proper operating condition, usable in privacy, and adequate for personal hygiene and the disposal of human waste. The dwelling unit must include at least one battery-operated or hard-wired smoke detector, in proper working condition, on each level of the unit.

5. Common areas. The common areas must be structurally sound, secure, and functionally adequate for the purposes intended. The basement, garage/carport, restrooms, closets, utility rooms, mechanical rooms, community rooms, day care rooms, halls/corridors, stairs, kitchens, laundry rooms, office, porch, patio, balcony, and trash collection areas, if applicable, must be free of health and safety hazards, operable, and in good repair. All common area ceilings, doors, floors, HVAC, lighting, outlets/switches, smoke detectors, stairs, walls, and windows, to the extent applicable, must be free of health and safety hazards, operable, and in good repair.

Health and Safety Hazards. All areas and components of the housing must be free of health and safety hazards. These include, but are not limited to: air quality, electrical hazards, elevators, emergency/fire exits, flammable materials, garbage and debris, handrail hazards, infestation, and lead-based paint. For example, the buildings must have fire exits that are not blocked and have hand rails that are not damaged, loose, missing portions, or otherwise unusable. The housing must have no evidence of infestation by rats, mice, or other vermin. The housing must have no evidence of electrical hazards, natural hazards, or fire hazards. The dwelling units and common areas must have proper ventilation and be free of mold as well as odor (e.g., propane, natural, sewer, or methane gas). The housing must comply with all requirements related to the evaluation and reduction of lead-based paint hazards and have available proper certifications of such (see 24 C.F.R. part 35).

Project owners must promptly correct exigent and fire safety hazards. Before leaving the project, the inspector should provide the project owner with a list of all observed exigent and fire safety hazards. Exigent health and safety hazards include: air quality problems such as propane, natural gas, or methane gas detected; electrical hazards such as exposed wires or

open panels and water leaks on or near electrical equipment; emergency equipment, fire exits, and fire escapes that are blocked or not usable; and carbon monoxide hazards such as gas or hot water heaters with missing or misaligned chimneys. Fire safety hazards include missing or inoperative smoke detectors (including missing batteries), expired fire extinguishers, and window security bars preventing egress from a unit.

Item 11d. Report the failure to provide annual certifications or the provision of certifications that are known to be incomplete or inaccurate as required by Regulations section 1.42-5(c). As examples, report a failure by the owner to include a statement summarizing violations (or copies of the violation reports) of local health, safety, or building codes; report an owner who provided inaccurate or incomplete statements concerning corrections of these violations.

Item 11e. Report any federal grant made with respect to any building or the operation thereof during any taxable year in the compliance period. Report changes in common areas which become commercial, when fees are charged for facilities, etc. In addition, report any below market federal loan or any obligation the interest on which is exempt from tax under section 103 that is or was used (directly or indirectly) with respect to the building or its operation during the compliance period and that was not taken into account when determining eligible basis at the close of the first year of the credit period.

Item 11f. Failure to satisfy the minimum set-aside requirement for the first year of the credit period results in the permanent loss of the entire credit.

Failure to maintain the minimum set-aside requirement for any year after the first year of the credit period results in recapture of previously claimed credit and no allowable credit for that tax year. No low-income housing credit is allowable until the minimum set-aside is restored for a subsequent tax year.

Item 11h. All units in the building must be for use by the general public (as defined in Regulations section 1.42-9), including the requirement that no finding of discrimination under the Fair Housing Act occurred for the building. Low-income housing credit properties are subject to Title VIII of the Civil Rights Act of 1968, also known as the Fair Housing Act. It prohibits discrimination in the sale, rental, and financing of dwellings based on race, color, religion, sex, national origin, familial status, and disability. See 42 U.S.C. sections 3601 through 3619.

It also mandates specific design and construction requirements for multifamily housing built for first occupancy after March 13, 1991, in order to provide accessible housing for individuals with disabilities. The failure of low-income housing credit properties to comply with the requirements of the Fair Housing Act

will result in the denial of the low-income housing tax credit on a per-unit basis.

Individuals with questions about the accessibility requirements can obtain the Fair Housing Act Design Manual from HUD by calling 1-800-245-2691 and requesting item number HUD 11112, or they can order the manual through *www.huduser.org* under Publications.

Item 11i. The owner must rent to low-income tenants all comparable units that are available or that subsequently become available in the same building in order to continue treating the over-income unit(s) as a low-income unit. All units affected by a violation of the available unit rule may not be included in qualified basis. When the percentage of low-income units in a building again equals the percentage of low-income units on which the credit is based, the full availability of the credit is restored. Thus, only check the "Noncompliance corrected" box when the percentage of low-income units in the building equals the percentage on which the credit is based.

Item 11q. Check this box for noncompliance events other than those listed in 11a through 11p. Attach an explanation. For projects with allocations from the nonprofit set-aside under section 42(h)(5), report the lack of material participation by a non-profit organization (i.e., regular, continuous, and substantial involvement) that the housing credit agency learns of during the compliance period.
